Twitter: @vinccimantsui

ABOUT

I am a web developer with design experience. I am currently fluent in React, JavaScript, jQuery, HTML and CSS. I find the middle ground of functionality, aesthetics, and user experience. As a believer in universal design, I pay attention to UX and accessibility as I code.

EDUCATION

Web Dev Bootcamp. Juno College (HackerYou). 2020
Accelerated JavaScript and Web Dev. Juno College (HackerYou). 2019
Packaging Design. Humber College. 2012 - 2015
Industrial Design. Ontario College of Arts and Design. 2008 - 2010

PROJECTS

PokéMatch | jQuery SASS HTML Responsive Accessible | LINK
- Flexbox and media queries for responsive design
- Tabindex property to ensure accessibility
- Discovered the beauty of using BEM with SASS

Fridge Verses | React Axios Firebase SASS Responsive Accessible | LINK
- Mob programming with 3 colleagues. Resolved many merge conflicts
- Pass data from child to parent component by passing functions as props
- Store and retrieve data to and from Firebase with .unshift and .map methods

WORK EXPERIENCE

Delivery Driver | Uber Eats | 2019 - 2020
- Managed time efficiently with an unrestricted schedule
- Used spreadsheets to track mileage and maintenance expenses
- Kept a 99% satisfaction rating

Poll Clerk | Elections Canada | 2019
- Helped 150 voters each day, solved many inquiries
- Performed high volume of data entry
- Organized and referenced data to confirm eligible voters
